Learn how dental insurance can help you protect your long-term health and save.*

Dental insurance

Taking care of your teeth is about more than just covering cavities and cleanings. It also means accounting for more expensive dental work, and your overall health.

With dental insurance, routine preventive care can lead to better overall health. And you'll be able to save money if any extensive dental work is required.

Who is it for?

Everyone should have access to great dental coverage, which is why we offer comprehensive plans that are available through employers as part of your benefit offerings.

What does it cover?

Dental insurance helps to protect your overall oral care. That includes services like preventive cleanings, x-rays, restorative services like fillings, and other more serious forms of oral surgery if you ever need them.

Why should I consider it?

Poor oral health isn't just aesthetic, it's also been linked to conditions including diabetes, heart disease, and strokes. So, while brushing and flossing every day can help keep your teeth clean, nothing should replace regular visits to the dentist.

Staying healthy

Joe visits his dentist for a routine dental cleaning, to take care of his teeth as well as his overall health.

Oral health is about more than just teeth and gums. It's also essential for a range of other health and wellbeing reasons:

Cardiovascular disease: Some research suggests that heart disease, clogged arteries, and strokes may be linked to inflammation and infections from oral bacteria.

Osteoporosis: Weak and brittle bones may be linked to tooth loss.

Diabetes: Research shows that people with gum disease find it more difficult to control their blood sugar levels.

Alzheimer's disease: Worsening oral health is seen as Alzheimer's disease progresses.

Source: An Ounce of Prevention: The link between preventive dental care and better oral health and wellness, Guardian 12th Annual Workplace Benefits Study, 2024

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

Oral Health Rewards Program

Regular visits to the dentist can help prevent and detect the early signs of serious diseases.

That's why Guardian's Maximum Rollover Oral Health Rewards Program encourages and rewards members who visit the dentist, by rolling over part of your unused annual maximum into a Maximum Rollover Account (MRA). This can be used in future years if your plan's annual maximum is reached.

Automatic rollover

Submit a claim (without exceeding the paid claims threshold of a benefit year), and Guardian will roll over a portion of your unused annual dental maximum.

How maximum rollover works*

Depending on a plan's annual maximum, if claims made for a certain year don't reach a specified threshold, then the set maximum rollover amount can be rolled over.

Plan annual maximum**	Threshold	Maximum rollover amount	In-network only rollover amount	Maximum rollover account limit
$1,000 Maximum claims reimbursement	**$500** Claims amount that determines rollover eligibility	**$250** Additional dollars added to a plan's annual maximum for future years	**$350** Additional dollars added if only in-network providers were used during the benefit year	**$1,000** The limit that cannot be exceeded within the maximum rollover account

* This example has been created for illustrative purposes only.

** If a plan has a different annual maximum for PPO benefits vs. non-PPO benefits, ($1500 PPO/$1000 non-PPO for example) the non-PPO maximum determines the Maximum Rollover plan. May not be available in all states.

Vision care

Vision care helps protect the health of your eyes by providing services that often aren't covered by regular medical insurance.

Protecting your eyesight means allowing for routine eye exams, as well as access to glasses and contacts. Help keep your eyes in great shape at any age — no matter how much time you spend staring at digital screens.

Who is it for?

Even if you have perfect eyesight, it's important to have regular eye exams to make sure you're still seeing clearly. Many people eventually need vision correction, which is why we offer vision care to manage some of the costs.[1]

What's included?

Vision care helps pay for services not typically included in medical insurance plans. This may include routine eye exams, support toward the cost of eyeglasses and contact lenses, and access to discounted pricing on corrective LASIK surgery.

Why should I consider it?

Regular eye exams can help detect more than failing eyesight, they can also pick up on symptoms associated with diseases like glaucoma and diabetes. Vision problems are one of the most prevalent disabilities in the US, making vision care especially useful for anyone who regularly needs to purchase eyeglasses or contacts, or anyone who simply wants to protect their eyesight and general health.

Vision

David notices that his vision is deteriorating. He goes in for an eye exam, and is diagnosed with myopia, also known as nearsightedness, which means he needs glasses. He can now save on glasses and contacts.

Hypothetical examples are for illustrative purposes only. An individual's eligibility for benefits is determined on a case-by-case basis. Guardian's Group Vision Insurance is underwritten and issued by The Guardian Life Insurance Company of America, New York, NY. Products are not available in all states.

How life insurance protects families and covers critical costs.*

Life insurance

If something happens to you, life insurance can help provide your family with financial security.

Life insurance helps protect you family's finances by providing a death benefit if you pass away.** This helps ensure that they'll be financially supported, and can cover important things from bills to funeral costs. With life policies, you can get cost-effective life insurance protection for a set period of time.

Who is it for?

Everyone's life insurance needs are different, depending on their family situation. That's why group life insurance through an employer can be a more cost-effective option than individual life insurance.

What does it cover?

Life insurance protects your loved ones by providing a benefit (which is usually tax-exempt) if you pass away.

Why should I consider it?

Life insurance is about more than just covering expenses. Depending on your circumstances, it could take your family years to recover from the loss of your income.

With a life insurance benefit, your family will have extra money to cover mortgage and rent payments, legal or medical fees, childcare, tuition, and any outstanding debts.

You will receive these benefits if you meet the conditions listed in the policy. Guardian, its subsidiaries, agents, and employees do not provide tax, legal, or accounting advice. Consult your tax, legal, or accounting professional regarding your individual situation. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR. **As long as premiums are paid.

Preparing and planning

Jorge's never considered purchasing life insurance, but after being offered it through work, he decides it's a good way to protect his family.

Jorge has a mortgage. His wife helps take care of her mother and only works part-time. With his daughter about to start college, he knows that many expenses would go unmet if his family lost him.

Jorge purchases enough life insurance coverage to help cover the mortgage, tuition, and family living costs if something happens to him.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

How short term disability insurance can supplement your income.

Disability insurance

Short term disability

Disability insurance covers a part of your income, so you can pay your bills if you're injured or sick and can't work.

Disability is more common that you might realize, and people can be unable to work for all sorts of different reasons. In fact, many disabilities are caused by illness, including common conditions like heart disease and arthritis. However, most disabilities aren't covered by workers' compensation.

Who is it for?

If you rely on your income to pay for everyday expenses, then you should probably consider disability insurance. It ensures that you'll receive a partial income if you're injured or too sick to work.

What does it cover?

Most disability insurance plans pay out a portion or percentage of your income if you're diagnosed with a serious illness or experience an injury that prevents you from doing your job.

Why should I consider it?

Accidents happen, and you can't always anticipate if or when you'll become sick or injured. That's why it's important to have a disability policy that helps you pay your bills in the event of being unable to collect your normal paycheck.

Replacing Income

Mike injures his back bicycling and can't work or earn a paycheck for a few months.

After a brief waiting period, his disability plan starts paying him a portion of his normal weekly salary. The Guardian policy also provides personal guidance and support, including vocational rehabilitation and outplacement services, to help him get back to his job and full pay 13 weeks later.

Thanks to Mike's disability benefits, he was able to cover his expenses while he was out - without dipping into his family's savings.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

You will receive these benefits if you meet the conditions listed in the policy.

If you rely on your income to pay for everyday expenses, then you should probably consider disability insurance. It ensures that you'll receive a partial income if you're injured or too sick to work.

What does it cover?

Most disability insurance plans pay out a portion or percentage of your income if you're diagnosed with a serious illness or experience an injury that prevents you from doing your job.

Why should I consider it?

Accidents happen, and you can't always anticipate if or when you'll become sick or injured. That's why it's important to have a disability policy that helps you pay your bills in the event of being unable to collect your normal paycheck.

Replacing Income

Jim suffers a heart attack that leaves him unable to work for two years.

After a waiting period, his disability plan starts paying him a portion of his normal monthly salary. The Guardian policy also provides personal guidance and support, vocational rehabilitation and other services, to help him get back to his job and full pay two years later.

Thanks to Jim's disability benefits, he was able to cover his expenses while he was out - without dipping into his family's savings.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

You will receive these benefits if you meet the conditions listed in the policy.

How critical illness insurance helps cover the costs of treatment.*

Critical illness insurance

Critical illness insurance may help you cover expenses not covered by your health insurance.

Critical illness Insurance provides financial support following the diagnosis of a covered critical illness. The lump sum benefit is paid to you, so you can focus more on recovery, less on expenses.

Who is it for?

Critical illness insurance is a supplemental policy for people who already have health insurance. It provides you with an additional lump sum benefits to cover expenses like deductibles, treatments, and living costs.

What does it cover?

Critical illnesses include strokes, heart attacks, Parkinson's disease and cancer. Our policies can cover over 30 major illnesses, helping you stay financially stable by paying you a lump sum if you're diagnosed with one of them.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Critical illness insurance is a cost-effective way to supplement and pay for additional expenses that your health insurance doesn't cover. Our policies typically provide lump sum benefits for the first and second time you're diagnosed with a covered illness.

Plus, critical illness insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

Critical costs

Bob has had a couple of health scares over the years including a heart attack and stroke.

Bob suffered a heart attack and received a lump sum benefit payment from his critical illness plan. Four years later, he had a stroke and got another payment.

During both illnesses, he used his lump sum benefits to help pay for out-of-pocket medical costs, as well as household expenses while he recovered.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

How accident insurance can get you back on your feet.*

Accident insurance

Accidents happen. With accident insurance, you can help them hurt a bit less.

Accident insurance is an extra layer of protection that gives you a lump sum benefit payment to help cover out-of-pocket expenses.

Who is it for?

Nobody can predict when an accident might happen. That's why accident insurance is a great add-on policy for people who want to supplement the heath and disability insurance coverage they already have individually or through an employer.

What does it cover?

Accident Insurance pays you lump sum of benefits after you suffer an accident. This could be more than 40 different circumstances, including: emergency treatment, ambulance, burns, dislocations, fractures, hospital confinement, and surgery.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Accident insurance is a simple, cost-effective way to supplement and cover additional expenses your health and disability insurance may not cover, including x-rays, ambulance services, deductibles, and even things like rent or groceries.

Plus, accident insurance is portable and payments are made directly to you.

Support during recovery

Sue hurts her knee while hiking and needs emergency treatment.

Sue fell while hiking in a local park and tore the cartilage in her knee. She went to the hospital emergency room for treatment.

Her accident insurance paid her a lump sum benefit that helped offset her injury-related expenses for an MRI, knee brace, and follow-up visits to her doctor.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

THE FOLLOWING NOTICE ONLY PERTAINS TO HOSPITAL INDEMNITY COVERAGE

IMPORTANT: This is a fixed indemnity policy, NOT health insurance.

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance?

- **Visit HealthCare.gov** or call **1-800-318-2596** (TTY: 1-855-889-4325) to find health coverage options.
- To find out if you can get health insurance through your job, or a family member's job, contact the employer.

Questions about this policy?

- For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website (naic.org) under "Insurance Departments."
- If you have this policy through your job, or a family member's job, contact the employer.

Hospital indemnity insurance

Hospital indemnity insurance can cover some of the cost associated with a hospital stay, letting you focus on recovery.

Being hospitalized for illness or injury can happen to anyone, at any time. While medical insurance may cover hospital bills, it may not cover all the costs associated with a hospital stay. That's where hospital indemnity coverage can help.

Who is it for?

Hospital indemnity insurance is for people who need help covering the costs associated with a hospital stay if they suddenly become sick or injured.

What does it cover?

Medical insurance insures medical expenses while hospitalized, but other costs can add up like extra childcare, transportation, help around the house, and pet care. Hospital Indemnity coverage pays lump sum benefits based on admission and days hospitalized that can be used to help any costs.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Hospital indemnity insurance can help pay for out-of-pocket costs associated with being hospitalized, giving you more financial confidence for unplanned expenses brought on by a hospital stay.

Plus, hospital indemnity insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

Be prepared

Kevin is hospitalized after an illness, and has to cover the cost of two days as an inpatient.

Kevin became ill and was admitted to the hospital. He had emergency surgery and was there for two days while recovering.

His hospital indemnity insurance paid him a lump sum benefit which provided financial support during his hospital stay.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.
